Charlottesville Area Transit (CAT) provides fixed-route bus service in the City of Charlottesville and portions of urban Albemarle County. CAT buses are accessible to persons with disabilities and are wheelchair lift-equipped. For persons with disabilities who cannot use CAT for all trips, paratransit service is provided.

ADA Paratransit Eligibility Standards:

- Any individual with a disability who is unable, as a result of a physical or mental impairment (including vision impairment), and without the assistance of another individual (except the operator of a wheelchair lift or other boarding assistance device), to board, ride, or disembark from any vehicle on the system which is readily accessible to and usable by individuals with disabilities.
- Any individual with a disability who has a specific impairment-related condition which prevents such individual from traveling to a boarding location or from a disembarking location on such system.

After reviewing the above information, if you feel that your disability may fit into one of the above mentioned categories, please complete the Paratransit Application in full.

If you do not meet the above criteria, have questions or comments about paratransit service, or need this application in an accessible format, please contact Customer Service at 434.970.3649.
